I am very interested in the economy, not only Federal, but state and local governments. The new stimulus packages, the global economy, funds for state benefits such as healthcare, family Services, and for the homeless, and our local concerns such as the purchase of La Caille by a combined group of cities and citizens to keep Open Space. I am interested in the changes to the banking industry. By working with the public for 25 years, and nearly all therapy settings, I offer a wide variety of experience and knowledge that will benefit the board, teams, staffing, and company. A personal experience is growing up poor, like so many others, that I had one set of school clothes till I was in 7th or 8th grade. All of my clothes were 2 sizes too big, so I could grow into them. Professionally I am the first PTA to have a chairperson position for APTA UTAH. I have rallied others and myself to call and write our Senators and elected leaders to stop proposed therapy cuts and protect Therapist's and Assistant's reimbursement. I was honored by my peers as PTA of the Year 2002. I see my role as an active board member who cares about the company, employees, and especially our customers, by influencing and driving decisions that require management and personal experience, and general competencies to understand and learn about Jordan Credit Union.

EXPERIENCE

JULY - PRESENT

PTA, ATLAS HOME HEALTH

Driving to patients home and providing therapy to recover from injury. I have many letters that compliment my listening and work, and in just a few short months have had patients ask for me to work with them again.

MARCH 2011 – JULY 2021

PTA, SANDY HEALTH AND REHAB

Outpatient and Pool therapist, inpatient therapist. I was present for Medicare Audits and State reviews, change of company management, and a 1 year lockdown due to covid.

EDUCATION

DECEMBER 2001
