

Help Us Make a Huge Impact with Small Shoes!

Every year, hundreds of children in our community go without a basic necessity—shoes that fit. At the Jordan Credit Union Foundation, we believe every child deserves the dignity and confidence that comes with having proper footwear. That's why we have partnered with Warm the Soles, a unique initiative where 100% of every dollar donated goes directly toward purchasing shoes for kids in need—no overhead, no administrative costs.

Working closely with local schools, we ensure that each pair is purchased to fit a specific child, then wrapped and delivered just in time for the holidays. Your donation will bring smiles, comfort, and confidence to children right here in our neighborhoods.

Join us in making a real difference for these kids. Together, we can warm their soles—and their hearts.

Corporate Sponsorship Packages

We invite your organization to join us in this impactful mission by becoming a corporate sponsor. Your support will not only help us purchase shoes for local kids but also demonstrate your commitment to making a difference in our community. With three flexible sponsorship levels, there are numerous opportunities to showcase your brand while contributing to a worthy cause. Together, we can keep little feet warm and create lasting change in the lives of many children.

Jordan Credit Union Foundation is a registered 501(c)(3) public charity. All donations are tax-deductible to the extent permitted by law.
